Dear Brian,

Thank you for the generous gift of a \$1,000 in support of Iowa-Grant Middle School students to attend a four day natural resources education workshop at Trees For Tomorrow. We greatly appreciate your support of our mission to provide balanced, objective information on the management and use of our natural resources through educational workshops.

Trees For Tomorrow workshops combine outdoor recreation with natural resources education. This life-changing experience merges critical thinking, cooperative learning, group decision-making and conflict resolution helping students develop into environmental leaders and our future land stewards.

As a nonprofit organization, Trees For Tomorrow earns 80% of what it needs to operate every year. This is outstanding for a nonprofit, but we truly could not make it without additional gifts and support from people like you.

Thank you again for your generous support!

Sincerely,

Maggie Bishop  
Executive Director

*Trees For Tomorrow did not provide any goods or services in consideration, in whole or in part, for the asset contributed. Trees For Tomorrow is recognized as exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code and is eligible to receive tax-deductible contributions.*

*"In addition to the academic knowledge that was received, important life lessons were experienced and learned. Social skills, breaking down school barriers and accepting each other for who we really are was amazing to witness and experience. We learned not only about nature, conservation and each other, but also, I'm happy to say, we have learned a lot about ourselves and who we are." Elizabeth, Preble High School Student and Trees For Tomorrow Alumna*
