Dear Brian,

Thank you and the Elmer G. Biddick Charitable Foundation for the **generous** gift of \$1,000 to support Iowa-Grant Middle School students and their teachers to attend a workshop at Trees For Tomorrow. We greatly appreciate your support of our mission to provide balanced, objective information on the management and use of our natural resources through educational workshops.

Trees For Tomorrow workshops combine outdoor recreation with natural resources education. This life-changing experience merges critical thinking, cooperative learning, group decision-making and conflict resolution helping students develop into environmental leaders and our future land stewards.

As a nonprofit organization, Trees For Tomorrow earns 75% of what it needs to operate every year. This is outstanding for a nonprofit, but we truly could not make it without additional gifts and support from people like you.

Thank you again for your generous support!

Sincerely,

Maggie Bishop
Executive Director

“In addition to the academic knowledge that was received, important life lessons were experienced and learned. Social skills, breaking down school barriers and accepting each other for who we really are was amazing to witness and experience. We learned not only about nature, conservation and each other, but also, I’m happy to say, we have learned a lot about ourselves and who we are.” Elizabeth, Preble High School Student and Trees For Tomorrow Alumna

Iowa-Grant Trees For Tomorrow 2012

"I will always remember being able to experience the activities first hand."
"You never know what you're going to see every time you look out the window. It's a great experience!"

"At Trees for Tomorrow, I was educated but every moment felt like an adventure."

"Every class and activity was like going on an awesome adventure."

These quotes are a few of the things the students said about their 2012 "Trees for Tomorrow" experience.

Thank you for your donation to help us afford to participate in the "Trees" program.
