Elmer G Biddick Charitable Foundation

The Park Preservation Fund is raising money to give a beloved local park, Bell Park, a makeover. It currently has an over 30 year old playground equipment setup, which is falling apart and will soon be unsafe for children to play on. Bell Park is the only area for children to play south of a very busy main road, County E. There are many new, young families surrounding the park that are in need of a safe place to play, learn, & exercise!

We are not just looking to replace the play equipment with the money that is raised, we will be putting in a new base for the entire play area, benches and picnic tables for parents to be able to interact with the children, and any landscaping that may need to be done. The Park Preservation Committee has made a point to talk with families in the community, and have also looked at surrounding area parks, to come up with ideas for the park that is not only needed, but wanted by parents and children alike.

Our minimum goal to renovate Bell Park is \$35,000.00, and since starting this journey last August, we have collected \$8,000.00 towards it. To raise the money needed, we sent out letters and flyers to local residents and businesses for donations, and have also sent out many applications for grants. In the past several months the committee put on three profitable fundraisers, with many more being planned out. Additionally, we have placed "coin cans" at local businesses and have an aluminum can drop-off area, both of which are collected regularly.

We are asking for a \$1,000.00+ donation.

We thank you for your time and we look forward to hearing from you. This park has been around for generations, but it is time to renovate it for the enjoyment and safety of the next generations. If you have any questions, please feel free to contact us at ... livingstonparkpreservation@aol.com

Thank you,

Kimberly Loeffelholz

Livingston Park Preservation Committee Marketing Plan:

We are still very early in the process of our goal, but we will, without a doubt, be doing some type of acknowledgement of our large donators. A couple of ideas that have been discussed: to get a local sheet metal place to make a plaque, to put the names on bricks that surround the play area of the Park, to incorporate a sign into the equipment, and to have a sign by the road. Although we have yet to look that far ahead in our project, we do want the people that come and enjoy our finished product to recognize that we could not have done it without the generosity of these large donators!
