Brian Nodolf
Elmer G. Biddick Foundation
11623 State Road 80
Livingston, WI 53554

Dear Brian,

What a great partnership we have with the Biddick Foundation! Thank you also for 12 years of continued support!

Thank you for your recent contribution of \$1,000 in support to deserving students who wish to participate in our natural resources programs at Trees For Tomorrow. As part of our agreement, your contribution has been deposited into our scholarship account and set aside for students and teachers from Iowa-Grant Middle School.

Today, more than half of the students we serve qualify for free or reduced lunch programs. Without scholarship assistance, our program would not be available to them.

As we approach Trees For Tomorrow's 70th Anniversary, we are reminded that we could not be celebrating 70 years without the support of great people, foundations, and families such as yours. Thank you again for your continued support...and for the positive impact you have made and will continue to make on the lives of the students that benefit from your generosity.

Sincerely,

Cheryl Todea
Interim Executive Director

*Thank you and
Happy Holidays!*

Trees For Tomorrow did not provide any goods or services in consideration, in whole or in part, for the asset contributed. Trees For Tomorrow is recognized as exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code and is eligible to receive tax-deductible contributions.

Dear Mr. Brian nodolf,

Thank you for your

donation. It was seally Important

that you donated because we

wouldn't have had a great

time. I LEARNED how to

Survive in the woods. we

had real Live Scenarios on being

Stranded in the woods. We had

to start a fire then we

had to boil water. Thanks

once again for your generous

donation, Thanks Sincerely,

Keagan Pilling.

Dear Mr. Nodolf

Thank you very much for

your donation to Trees For

Tomorrow. We have had a great time

coming to this nature school. I

personly love skiing. I learned how to

stop the skis, turn and climb. I saw

a cute little porcupine up in the

trees. I learned that they start

eating from the top and work their

way down the tree. Lastly I learned

that if you are stranded you should

build a fire and make a shelter.

Finally thank you very much.

Sincerely,

Samuel Johnson

(student)

2/3/14

Dear Brian Noble,

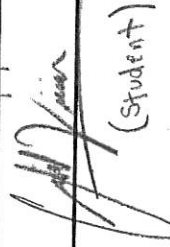

Thank you for donating and supporting Trees For Tomorrow.

Your money is highly appreciated.

I had a great time while I was at "Trees" and donating money to a great hands-on educational natural resources school is a good thing to do because it's teaches students about the earth and how to not waste as much so the world will be healthy. I learned a lot while I was here (including how to ski!) I learned basic needs for survival, animals, and how to identify trees.

Thanks again.

Sincerely, Gabriel

(Student)

Dear Mr. Nodoff,

Thank you for

giving me this AMAZING experience! I truly believe

I would not be able to go to TFF if it wasn't for

you! In TFF, I learned how to ski. In skiing, we not only had TONS of fun, but we learned about nature.

My favorite class was the human survival class where we built a fire. I am certain that I'm going next year!

Sincerely,

Hannah Kroll 6th grad
