Livingston, WI 53554*

Dear Mr. Nodolf,

On behalf of Seniors United for Nutrition, I want to thank you for your recent grant of \$1025.00. As stated in our grant proposal, we will be using these funds to purchase new meal delivery trays, electric bag, and a heater. In fact, we have already purchased the trays, and some are in use in the Hollandale area, a new area that we are serving for the first time. Even though more expensive up front, these trays save money in the long run, save on garbage, and are more appealing to eat from for the seniors.

I will be purchasing the bag and heater soon for our Dodgeville site, where we serve the most home delivered meals in our program. Having the new bag and heater will meet Wisconsin food codes, to keep the food hot to the end of the route.

Again, thank you from SUN, and especially from Dodgeville and other seniors of Iowa County. We are very grateful for your generosity!

Warm Regards,

*Cecile McManus, RD
Director*
