Charitable purpose of the organization.

The Suicide Prevention Coalition of Iowa County is dedicated to reducing the occurrence of suicidal behaviors among Iowa County’s 23,749 residents of all ages. We intend to increase awareness and create a safe environment in which residents know they are not alone and can access the resources they need to help themselves, family or friends that may be having suicidal thoughts. Our mission is to prevent suicide through awareness, education, collaboration and improved access to mental health care. While focusing on Iowa County, we hope to provide information to the residents of our neighboring counties as well which is another 185804 people.

Organization’s current programs, activities, and recent accomplishments

Established on August 11, 2014 we have come a long way in a short time thanks to your generous grant in 2014. To date we have assembled a coalition of Health Care Workers, Social Workers, Clergy, School Administration and Guidance Personnel, Law Enforcement Personnel and Concerned Citizens. We have teamed up with South West Community Action Program and they will act as our Fiscal Agent and we will be operating under their 501(c)(3) status.

We have trained 11 individuals as instructors in the QPR Gateway Program. QPR, developed by QPR Institute, Spokane, WA, stands for Question, Persuade and Refer, three steps anyone can learn to help prevent suicide. Just like CPR, QPR is an emergency response to someone in crisis and can save lives. We now have 12 trained SOS Facilitators. SOS is Survivors of Suicide Support Group. We have/are hosting 9 speakers this year on subjects relating to preventing

suicide. The remaining three are Dementia on October 1st, Bipolar Disorder on November 3rd and Depression & Holidays on December 3. All presentations are open to the public. A Survivors of Suicide Support Group has been started and meets the 2nd Thursday of every month at the Iowa County Health And Human Services Building. We are currently petitioning the Iowa County Board to require QPT Training for all employees and speaking on its importance to local service clubs and other community groups. Our website <http://www.suicide-iowacountywi.org/> is up and running.

Purpose of the request.

2016 Goals--- Education the public through public service announcements. "Burden of Suicide on Wisconsin report" from the WI Department of Health shows Iowa county has the highest suicide rate in southwestern WI. Males ages 45-54 with the lowest therapeutic resources. However, the interesting findings are that 86% of Iowa County feels they have a support system in place through family, friends or co workers. So, it is our responsibility to have a mass campaign of public service announcements encouraging people to start those tough conversations on suicide and informing people of where to find resources and help. These public service announcement will also break down the negative stigmas related to mental health issues and suicide.

Funds are being sought to provide public service announcements on radio and newspaper. Funds for speakers to present directly to Upland Hills Hospital Staff, Iowa County Sheriff Department and Local Police Officers. We are also partnering with Upland Hills Health to video tape our presentations so a library can be shared with EMT and Fire Department Training. We have hired 3 presenters which will speak to local police officers and medical personnel as part of their required annual training. We also need funds to maintain and host our website.

Amount requested and the desired time line for the receipt of any contribution.

The amount requested is \$5,000.00 which is broken down as follows:
Public Speaker fees \$600.00
Radio Ads for 3 stations, \$2,400.00 which is \$600 per month for 4 months
Newspaper ads \$2,000.00 for 12 ¼ page ads in Dodgeville Chronicle & Advisor
Website maintenance and hosting \$400.00

A gift of any amount from the Elmer G. Biddick Charitable Foundation would be used to fund these projects.

Budget of how the funds will be allocated and whether there are any other matching funds involved.

Since our budget of how funds will be allocated depends on the amount of funds we can raise. The items we have requested funding for are our top priorities for the year 2016.

If we were able to have unlimited funding we would like to spend

\$30,000 (\$2,500 per month) TV Public Service Announcement for Channel 47
\$40,000 to hire a full time suicide advocate for the county
\$12,000 to get Telecounseling in the Sheriff's Dept. and hospital (Remote therapist)

Last year we fortunate to receive a grant from the Jennie Olson Charitable Foundation for \$5,000.00 which along with your grant was our major funding for 2015. We plan to apply to the Olson Foundation again this year in the amount of \$5,000.00 to fund the remainder of one year's radio ads on three local stations.

Plan for evaluating the use of any contribution.

The use of any contribution will be dependent on the amount of funds donated along with funds raised via other avenues. Our goal is to accomplish the above mentioned projects this coming year.

Organization's current annual budget.

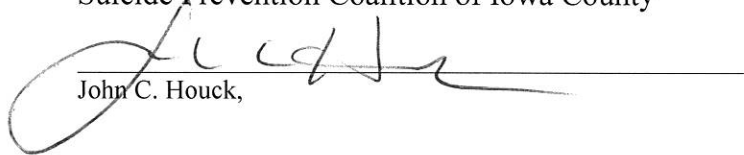

Once again due to the infancy of our organization, we have not set a budget. All costs to date, very minimal, have been donated by committee members. Once we have raised funds we can set an official budget. For this year, our budget should mimic the items in this grant request. I have attached income and expenses to date.

Proof of tax exempt status (including tax ID number).

As previously stated, we are running under the auspices of South West Community Action Program as they have 501(c)(3) status. They will act as our financial agent for all monetary transactions. A copy of their Certificate of Exempt Status is attached.

I hereby certify that the information contained in this application is true to the best of my knowledge and belief.
