Dear Mr. Nodolf,

Wisconsin Badger Camp proudly serves individuals with developmental disabilities by providing quality outdoor recreational activities. Last summer Wisconsin Badger Camp provided 885 individuals with the opportunity to experience camping, swimming, singing, dancing, hiking, fishing, and many other activities. All of our campers, including 63 individuals from Grant and Iowa Counties, came to camp regardless of their age, geographic location, severity of a disability, or ability to pay the camp fee.

Wisconsin Badger Camp offers many activities in which campers might not otherwise participate. The excitement of setting up your own tent, cooking your own dinner, canoeing a river, or riding a horse are experiences like no other. Our camper to staff ratio of 2:1 allows us to provide challenging, nature-based activities while still focusing on the safety of our campers. Approximately 60 program staff members are hired each summer and work closely with campers to provide new experiences and accomplish new goals.

The cost to host a camper for one week at Wisconsin Badger Camp is now over \$900, though we only request a camp fee of \$700. In 2016, Wisconsin Badger Camp received a greater request for financial assistance from campers than ever before, with 63 Grant and Iowa County campers came to camp requesting and receiving \$33,250 in financial assistance to attend camp. The Elmer G. Biddick Foundation can help shape and improve the experience for Grant and Iowa County campers through a grant of \$2,000 to the Campership Program. The Campership Program ensures campers the opportunity to attend Wisconsin Badger Camp regardless of whether or not they can afford any or all of the requested camp fee.

A grant of \$2,000 to the Campership Program will continue to positively affect the lives of campers from Grant and Iowa Counties who want to attend Wisconsin Badger Camp in 2017. Thank you for your time and consideration of this request.

Sincerely,

Brent Bowers
Executive Director

A. Supporting Information

1. Specific use of grant.

Wisconsin Badger Camp offers ten-weeks of summer camp programming where campers of all ages take part in sessions dedicated to their specific age group. Eight weeks are available for adults, one week for teens, and one week for children. Well-trained staff, adaptable activities, and accessible program areas allow Badger Camp to offer individualized care. 885 campers attended camp in 2016, including 63 campers from Iowa and Grant Counties.

The cost of hosting an individual at camp for one week is over \$900. Badger Camp, through its fundraising efforts, offers anyone an opportunity to attend regardless of their ability to pay a camp fee. As many campers remain on a fixed or limited income, additional financial assistance through the Campership Program remains vital to support campers. Wisconsin Badger Camp does not receive federal or state funding for its camp programming. Instead Wisconsin Badger Camp relies on private donations from individuals, organizations, service clubs, foundations, and grants for funding to support its mission. The Elmer G. Biddick Charitable Foundation can help financially support Grant and Iowa County campers who wish to attend camp this year.

2. Time schedule.

Wisconsin Badger Camp's 2017 camp session begins June 11th and will carry through until August 18th. Funding for the Campership Program is secured throughout the year to support campers for the upcoming camping season.

3. Other sources of funding.

Development and fundraising projects take place throughout the year to ensure that sufficient funds are obtained for the Campership Program. The 1966 Event, Valentine's Dance, golf outings and 20/20 raffles are the most successful fundraising events.

Badger Camp has a full schedule of private grants that it applies for annually. We also actively look to communities where campers reside for funding sources. Through the financial support of individuals, organizations, and businesses,

Badger Camp continues to welcome campers from 55 counties in Wisconsin and six other states.

4. Describe the effect of postponing your request to another time.

If this request were postponed to another time it would force Wisconsin Badger Camp to look for alternative support for campers with financial need that come from Grant and Iowa Counties. If Badger Camp was unable to find such support, we would not be able to offer Camperships for every camper from Grant and Iowa County that requests one. The grant from the Elmer G. Biddick Charitable Foundation remains an important funding possibility because it provides Camperships for adults and children with developmental disabilities that live in Iowa and Grant counties.

5. Describe who, when, how and where will the effects of this grant be felt.

Wisconsin Badger Camp exists solely to provide recreational programming to individuals with developmental disabilities. The goal to provide a positive, natural environment where campers learn more about their surroundings and realize their full potential remains constant for Wisconsin Badger Camp. Serving all ages, welcoming all types of disabilities, and providing financial assistance to anyone who asks qualifies Wisconsin Badger Camp as unique among many camps which serve individuals with developmental disabilities.

Badger Camp offers many exciting opportunities that have a positive effect on campers. The thrill of catching a fish, canoeing a river, or riding a horse is a wonderful experience. The camper to staff ratio of 2:1 allows Badger Camp to provide challenging activities while still focusing on safety. The 60 staff members hired each summer work closely with campers to provide new experiences and accomplish new goals with campers.

Each of Wisconsin Badger Camp's weeklong sessions host approximately 80 to 100 individuals. This can be a very exciting time for both parents and campers. Badger Camp offers high quality activities, while constantly holding safety concerns in the highest regard.

The campers from Iowa and Grant counties will feel the effect of this grant from the moment they pack their suitcase to when they hug their counselor goodbye on Friday when they depart.

B. Your organization's history, activities, services, and composition

Founded in 1966 by a group of concerned parents, teachers, and citizens, Wisconsin Badger Camp was designed to give people of all abilities the same types of opportunities in the outdoors as their peers. Badger Camp's mission is to serve people with developmental disabilities by providing quality outdoor recreational experiences.

The first summer of Badger Camp welcomed 48 campers for a one-week session. The popularity and demand of the program quickly increased, resulting in Badger Camp offering two weeks the following year. Today, Wisconsin Badger Camp offers ten weeks of programming to individuals. One week is dedicated to children. One week is for teens and young adults and eight weeks are for adults. Badger Camp also offers a two-week session for adults looking for an extended retreat.

Our camper to staff ratio of 2:1 allows us to provide challenging activities while still focusing on safety. Approximately 60 staff members hired each summer work closely with campers to provide new experiences and accomplish new goals. Activities such as camping, horseback riding, canoeing, aerobic activity, dancing, music programming, fishing, swimming, hayrides, and nature study are adaptable and designed to encourage participation and allow individuals to realize their full potential.

Wisconsin Badger Camp strives to limit the boundaries that are sometimes associated with individuals with developmental disabilities. That is why individuals are welcome at camp regardless of age, gender, geographic location, severity of a person's disability, or financial situation. For many campers and caregivers it is gratifying to know that there is a place they can leave their worries behind and enjoy a week of fun.

Badger Camp focuses on providing unique and specialized programs for each individual that attends camp. Horseback riding, swimming, canoeing, music, and arts and crafts are just a few of the many well-designed programming elements that give Badger Camp its unique appeal. Adaptable programs such as these allow each camper an opportunity to experience something new and extraordinary for him or herself.

Wisconsin Badger Camp has five full-time staff, and a volunteer board of directors. Please see the organizational flow chart for a more detailed explanation of the organization's composition.
