

June 15, 2017

Elmer G. Biddick Foundation
Attn.: Brian D. Nodolf
11623 State Road 80
Livingston WI 53554-9725

Dear Brian:

Thank you for investing in Southwest Wisconsin Technical College, the #1 two-year college in Wisconsin according to bestcolleges.com. Your generous gift made on 6/15/2017 of \$1,500.00 for the Charger Dream Fund helps Southwest Tech provide opportunities for success to our students, communities, and district.

In 2015-16 more than 240 student scholarships were awarded totaling \$144,000, 500 students were served in our student food pantry, and 33 students received emergency grant funding helping them stay enrolled. Here is what students impacted by philanthropy have to say about our donors' generosity:

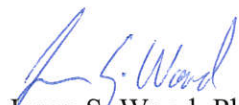

"I wanted to say thank you so much. You have no idea how much this will help me this semester. I am truly grateful." Danielle Partyka

"Thank you so much for the wonderful news! It is such a tremendous honor to receive such generosity." Arica C. Pollard

Please contact us if you would like to learn more about the Charger Dream Fund, to visit campus, or to be connected with a student, staff member or College department. We look forward to your continued involvement with the college and Southwest Tech Foundation. Your generosity makes a difference in the lives of the 8,000 students we serve every year.

This letter can serve as your donation receipt for tax purposes. This letter certifies that you did not receive any goods or services in exchange for your donation. Thank you for believing in our mission and for making an investment in our students' future.

Sincerely,

Jason S. Wood, Ph.D.
Southwest Tech President
