Grant Request \$ 2500

Describe the reason for this grant request in the space below: We currently use an older hydraulic jaws unit we purchased in the late 1990's. It requires time to set up by hooking up hoses to the tool and the hydraulic pump. We wish to increase the speed of our response during an entrapment extrication by purchasing a battery operated Jaws unit (Approximate cost \$12,000). With this unit there would be no hook ups and we would immediately be able to begin extrication of patient(s) and also get the hydraulic unit ready to assist in difficult extrications.

Attachments to this grant that we find useful in considering your grant request.

A. Supporting information.

1. Specific use of grant.
2. Time schedule.
3. Other sources of funding.
4. Describe the effect of postponing your request to another time.
5. Describe who, when, how and where will the effects of this grant be felt.

B. Your organization's history, activities, services, and composition. (Videos are of limited use.)

Volunteer Fire Department since 1895 for Montfort and half of Wingville Township. Mutual Aid for Grant County and western half of Iowa County. Membership consists of 25 volunteer members. There are 8 officers consisting of Fire Chief, a deputy chief, 2 assistant chiefs and 4 captains. The membership pays for usually one half of equipment through fund raising efforts. Remaining costs are covered by Village of Montfort.

Plan is to purchase battery operated jaws summer of 2021. It is our hope Village of Montfort will assume one third of cost through budget, the membership one-third through fundraising and one-third through a grant(s).

By postponing this purchase we put public safety at risk. In 2020 we used Jaws to extricate patients from a severe 2 car collision/vehicle. Time was delayed due to having hook up hoses putting patients at greater risk of exposure to elements and injuries.

This grant would provide a greater sense of security for the community we serve, knowing we will quickly be able to act and serve their needs.

Applications are considered in June and December of each year. The corresponding deadlines are April 15<sup>th</sup> and October 15<sup>th</sup>. Concise grants that address the needed information are appreciated.
