Dear Brian,

On behalf of Trees For Tomorrow, I want to thank you for your generous grant funding in the amount of \$1,000 through the Heartland Charitable Trust. Grant funding is an important part of the health and vitality of TFT and helps us further our programming and offer this opportunity to more students from Iowa-Grant Middle School.

Thank you for furthering the mission and vision of Trees For Tomorrow through your grant funding opportunity. We look forward to sharing the success of our program with you!

Sincerely,

Cheryl Todea
