May 28, 2021

Dear Mr. Biddick,

The Montfort Fire Department would like to thank the Elmer G Biddick Foundation for the contribution towards the purchase of our Jaws of Life. This new Jaws of Life will allow us to respond to the situation quicker and faster. In turn will let the EMT's take care of their patients and be able to transport sooner. This is going to be a great add on piece of equipment not only for our department but for the surrounding communities and townships.

We also would like to thank the Elmer G Biddick Foundation for all of the support over the years, your foundation has assisted us over the years to be able to obtain equipment that we may not been able to purchase.

Biddick Inc. your support not only with gifts, but allowing our first responders to leave work when we really need them or not being able to get to work on time. Your support and generosity will never be forgotten.

Regards,

Rod Sander  
Chief

Doug Bartow  
Deputy Chief

Mike Kabat  
2<sup>nd</sup> Assistant Chief

Mark Minter  
3<sup>rd</sup> Assistant Chief
