Grant Request \$ 4000.⁰⁰

Describe the reason for this grant request in the space below:

See print out.

-Application continued on next page-

Founded to Further the Growth Of Our Community.

Description for the grant:

The walking path was done 2 years ago in memory of Vicki James and we want to add more to it with 7 workout stations to complete the project. Vicki had found the benefits of working out and the strength it gave her, so we want to be able to share that with the community. So, if you don't want to join a gym or can't get there this is open to the public to use for their own leisure. With over 100 ball games played over the summer months, and the gymnastics next door, we feel this will give parents something to do while waiting for children too.

A. Supporting information:

1. We need half down to order the stations and want to order it this winter so it can be delivered in the spring of 2024. And then we must pay the other half at delivery.
2. We want to order this in a month or so and then it takes 8-10 weeks for delivery and would like it installed in the spring.
3. We started a Facebook page (Livingston's Fitness Path) we are accepting any donations towards the equipment. We also recently sold 24 tumblers that made us \$216.00. We also sold t shirts and headbands that should be delivered the week of Oct 9th and will make \$321.00. We also are planning a dedication next week after the project is completed with a luminary walk so people can purchase bags for loved ones and have money for upkeep of the path.
4. If we postpone this project, then we would not be able to order the equipment as it takes 8-10 weeks to complete and have it done in the spring of 2024.
5. We feel that the whole Livingston community can use it and benefit from it. Get outside and move!

- B. This is just one of Vicki's closest friends and a couple others wanting to see this vision that we have for her.
