### GRANT APPLICATION

**\*Must be received in our office on or before the due dates below**

**Due Dates April 15<sup>th</sup> and October 15<sup>th</sup>**

Date: October 1st, 2024

Name of Organization (must match IRS 501(c)(3) designation) Highland Senior Exit Project

Address 1030 Cardinal Dr

City, State, Zip Highland, WI, 53543

Phone (608)-929-4525

Person Responsible for the Grant Melissa Straka & Jay Moelling

Position in the Organization Melissa Straka - Senior Exit Adviser & Jay Moelling - FFA Adviser

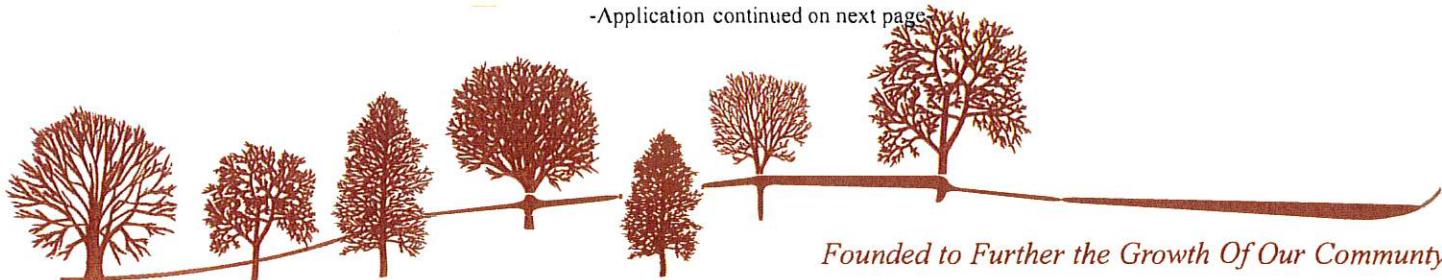

Organization's Purpose The Purpose of the Highland senior exit project is to give each student the opportunity for an in depth self directed project that benefits the community.

This application must include your organization's latest IRS Letter of Determination showing exemption and public support status. (Not required for units of Government & public schools).

Grant Request \$ 1,020

Describe the reason for this grant request in the space below:

-Application continued on next page-

*Founded to Further the Growth Of Our Community.*

Attachments to this grant that we find useful in considering your grant request.

A. Supporting information.

1. Specific use of grant.
2. Time schedule.
3. Other sources of funding.
4. Describe the effect of postponing your request to another time.
5. Describe who, when, how and where will the effects of this grant be felt.

B. Your organization's history, activities, services, and composition. (Videos are of limited use.)

The Highland School District has implemented the Senior Exit Project in order to give students the opportunity to give back to their community. Senior Exit project is a year-long self-directed project, that teaches students the value of community service and helps students explore future career paths. Securing this grant would give me the funds required to purchase a Tower Garden for the middle school and high school. I would learn how to use and maintain the Tower garden and then teach younger students about what I learned. I am working with the Greenhouse/Garden manager at UW Platteville to learn about Tower Gardens. The produce grown from the Tower Garden will then be donated to the school cafeteria to help support the lunch program which feeds over 270 students daily. After the completion of the project the Tower Garden will be donated to the Highland FFA to give its 51 members the opportunity to learn about hydroponics and gardening. The high school and middle school Biology classes would also be given the opportunity to use the Tower Garden to learn about the plant life cycle. This would give our school the opportunity to learn about gardening during the winter and about the importance of eating healthy fresh produce. If this grant is postponed, then I will not have enough time for the plants in the garden to reach maturity and therefore not be able to complete my project which includes teaching other students about the tower garden. My goal for this project is to not only benefit me and the current students but to benefit future students in Highland. If the full amount requested for the grant is not available I have also secured a potential \$300 from the Highland FFA.

Applications are considered in June and December of each year. The corresponding deadlines are April 15<sup>th</sup> and October 15<sup>th</sup>. Concise grants that address the needed information are appreciated.
