Jason Biddick and The Emer Biddick Charitable Foundation

We cannot thank you enough for your kindness and continued support of our BEW's Hope - Suicide Awareness - Prevention Ministry... Your generous donation is truly a blessing and because of your graciousness, we are able to pay forward and bless others. Thank you, thank you..

During 2024, we hosted monthly survivors of suicide support meetings and open at no cost to attendees. We also hosted our 4th annual BEW's Hope Helping Hands Giveaway & Blessed Three (3) recipients each with a monetary donation. We visited several junior high classrooms to aid in suicide awareness - prevention efforts offering resources & providing tools for times of struggling.

We held our 10th annual 5K/2M event in Sept to offer support to other survivors and honor loved ones gone too soon. It's an incredible event to host and witness.

We also hosted a Spring & Fall Retreat for moms who've lost a child, by suicide or otherwise. They receive a private room - bath and all meals & materials are covered by our BEW's Hope Ministry. The moms appreciate this opportunity to be surrounded by others who care, understand and wish to walk with them on their grief & healing journey. I am humbled & honored to host these events. It is only possible because of donations like yours - to continue serving others in this capacity. Thank you for making all this possible! God Bless You - Love - Pat & Teri Gull
