

Thank You!

Thank you so much for donating to Suicide Prevention efforts in Southwest Wisconsin.

The importance of breaking down stigmas and spreading awareness about depression and suicide is vital for people in our community. It encourages them to feel comfortable to reach out and ask for help when they or someone they love are feeling hopeless.

Communities served by Suicide Prevention Corporation of Southwest WI (**EIN# 82-1514606**) are Iowa, Grant, LaFayette, Richland, Sauk, Crawford, and Vernon.

With your donation, you are saving lives, spreading resources and breaking down stigmas. Thank you again for your participation.
